Request for Consideration for S. CO New Power Transmission Project

As a homesteader that owns a property West of the town of Blanca, I would like to ask for consideration to bring commercial power poles along Mountain View Road (County Road 11) between Highway 160 and the Railroad (Road 8/Railroad Street) that is about 3 miles West of Blanca, CO in the San Luis Valley Ranch Development. Currently, there is commercial power running along the railroad, and is one of the routes under consideration for this project. By expanding the current power system for more development, it will further inject more business (new construction, businesses, etc.) into the local economy. Thank you for your consideration.

Sincerely,

Gregory Bohlmann

I-180-001: Socioeconomic Resources (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to social and economic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at

<http://www.usda.gov/rus/water/ees/ea.htm>.
